Articulating the vision

- UFS Strategic plan 2018-2022 - *Widening and accelerating the scope of transformation*
 - Strategic goal 1:
 - Improve student success and well-being
 - Key performance areas
 - Increase student success and throughput rates, and reduce the achievement gap.
 - Develop graduate attributes in curricular and co-curricular interventions.
 - Improve student safety and health issues.

Developing appropriate policy environment for success

UFS – Student Success Strategy

Graduate attribute development plan

Integrating success into the core

- Learning and Teaching Strategy
 - Strategic Priorities
 1. Fostering the development of Graduate Attributes
 2. Student learning and success as the focal point
 3. Curriculum responsiveness
 4. Flexible learning and teaching design
 5. Empowering academics for 21st century teaching
 6. Quality focused, research-led learning and teaching

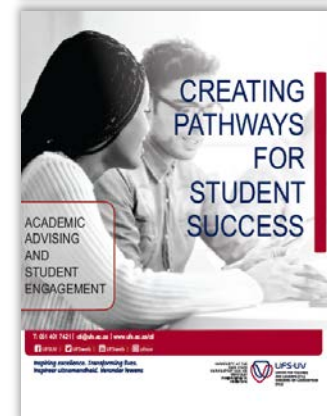

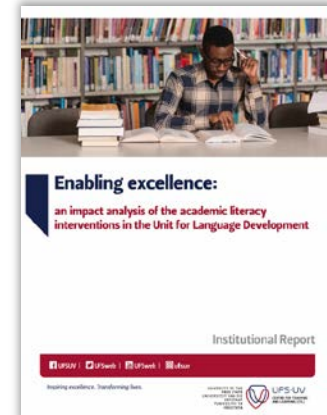

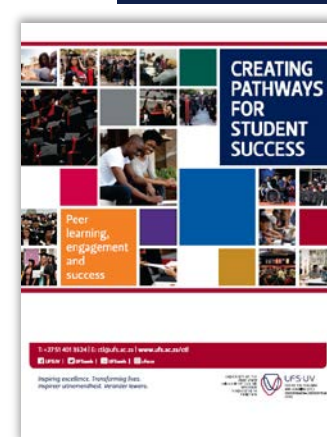

Strategies to improve retention & success

- SCALING HIGH IMPACT PRACTICES
 - UFS 101 (Compulsory module in First year experience)
 - 9200 students
